

Clini CAL Android App.

Published on February 3, 2015

CliniCAL is a collection of user-friendly calculators designed and validated by ASSAY Clinical Research. These calculators can be used by Patients, Doctors (Investigators), Nurses, Pharmacists and all other clinical or healthcare research professionals who are involved in everyday management of clinical trials and/or patient treatment.

Also, the information provided for each calculator is only for the purpose of illustration and can vary depending on opinion of the doctors and healthcare professionals and also according to the local country regulations.
